College of Engineering

Graduate assistantship positions in Structural Engineering

Description:
Graduate research assistantships are available in the area of Structural Engineering in the College of Engineering at the University of Georgia.

The graduate research assistantship includes a monthly stipend and full tuition waiver.

Athens, home to the University of Georgia, is located 70 miles northeast of Atlanta and offers a strong health-care system, affordable home/apartment rental prices, and educational amenities.

The University of Georgia inaugurated the College of Engineering in 2012 through the merger of two existing engineering academic units. Unlike other engineering schools, the University of Georgia’s College of Engineering is organized without departmental boundaries to promote advanced studies at the interface of disciplines. UGA’s President and Provost are fully committed to the success of the new College of Engineering.

Preferred Qualifications:

M.S. Applicant

1. Degree requirement: B.S. degree in Civil Engineering
2. GRE score:
   Verbal > 150 (450 on the old scale); Quantitative > 151 (650 on the old scale);
