

## Registration Form for the Dual Degree in Engineering and German Program (DDEG)

### Overview:

The Dual Degree in Engineering and German, or DDEG, combines an education in the fundamentals of engineering and design with advanced German language proficiency and intercultural competency.

Students in the program earn two undergraduate degrees: one with a major in a specific engineering discipline and the other with a major in German studies

### The DDEG has four major components:

1. Engineering fundamentals and design as well as other courses leading to an undergraduate degree in engineering;
2. German language and culture courses leading to a second undergraduate degree with a major in German;
3. One semester of study at a German technical university (Currently, UGA has established this program with the Karlsruhe Institute of Technology);
4. A 3-4 month engineering-focused internship with a company in Germany.

### To be completed by the student:

Student Name: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

810/811 #: \_\_\_\_\_

Engineering Major: \_\_\_\_\_

German Course(s) Completed: \_\_\_\_\_

Academic Advisor: \_\_\_\_\_

**Upon turning in this form, please log in to Athena and declare your engineering and German majors. You will also need to meet with your Engineering Academic Advisor and let them know that you are pursuing DDEG. Your Academic Advisor will be able to give you a clear picture of how this will affect your graduation date and you should meet with them as soon as possible so they can be planning for your future semesters. By signing this form you are acknowledging that all of the above listed information is correct and accurate**
